Job Specs

Hiring Location:	TMone – Spearfish 120 Industrial Drive Spearfish, SD 57783
Benefits:	Medical, Dental, Vision, Paid Vacation
Employee Type:	Full Time
Requisite Experience:	Minimum of 1 year management experience

Job Description

This fulltime position will report to TMone senior management and will be responsible for the development of database schemas, creation of stored procedures and reports as well as the maintenance and development of C# integration between SQL, Salesforce, and Excel. Candidates should be well rounded and enjoy working on a variety of different development projects. Successful candidates will provide consultation, showcase innovation, interact with clients and be involved with future program and business planning.

Responsibilities

- Develop and manage SQL reports for multiple contact center clients and divisions
- Work with account managers and client contacts to fulfill reporting requirements and identify opportunities to improve
- Manage multiple point of data integration to ensure all systems and information required to produce reporting is in place
- Proactively identify opportunities to improve data collection, report cosmetics and report graphical presentation

Requirements

- Strong foundation in SQL development, C#, .NET, and API Development.
- Experience with service technologies such as XML and Web Services is highly desirable.
- Experience with JavaScript and/or PHP is highly desirable.
- Skilled in Microsoft SQL tools MSRS and SSIS.
- Confer with staff, users, other departments, and management to establish requirements for creating a new system/report or revising existing systems/reports.
- Knowledge of project management and development methodologies desired.
- Strong team player that will promote teamwork and excellent communications.
- Enjoy project-based work and be capable of multi-tasking several projects at once, delivering them on-time and on-budget.
- Strong interpersonal skills are also required, since client interactions will be required from time-to-time.
